

Explore the Bible with

# BIBLE CHAT MAT

Bible Chat Mat allows children, young people, and adults to explore together.

There is no set way of using this resource but if you are a school this may be a helpful follow-up tool for Collective Worship.

Alternatively, you may like to share the story at school and then send this home to parents/carers to encourage them to help explore together.

We encourage you to:

1. Share the Bible story with the children
2. Print copies of the Bible Chat Mat
3. Use around a table together
4. Discuss the Questions
5. Find the objects
6. Reflect together
