A Message from Director

Flourishing can be defined as ‘developing rapidly and successfully’ or simply as ‘thriving’. Our programme of training and development is designed with flourishing in mind. It has been planned, with your feedback, to equip, empower and encourage each of us to flourish together as well as in our own roles, be they paid or voluntary. Joining together to share learning and development means that we will all be able to play an active, constructive, part contributing to a flourishing education system. Whether we are in a Multi Academy Trust, a federation, a family of maintained schools or a single academy we all want to see every one of our church schools flourishing. When our schools flourish the children we serve will also have a greater chance of flourishing themselves, a greater chance of experiencing life in all its fullness (from our Biblical vision linked to John 10 verse 10).

Director of Education

We welcome and encourage you to give us feedback on your experiences and how we can support you and your Church School.

Church School Governance Part 1

This two-part training session is suitable for foundation representatives and those in other governance roles in both maintained and academy church schools (including school governors and trustees). Please note, this course is mandatory for all newly appointed foundation representatives.

Session one is a general course that covers the importance of good governance in any school, focusing on key governor activities. It is suitable for someone new to governance or as a refresher for a more experienced governor. We will also cover key areas that are unique in a church school and start familiarising the delegate with areas that will be covered in greater depth in the second session. This session will provide participants with practical knowledge that they can apply to their setting.

Church School Governance Part 2

This is part two of a two-part course aimed at those in governance roles in both maintained and academy schools. Session two aims to provide opportunities to ask questions, network and discuss with fellow governors, and apply church school governance to your own context.

Church School Governance for renewing foundation governors

A session designed to provide a refresher for experienced foundation representatives in maintained and academy schools. It is a compulsory module for renewing foundation governors. This session will cover a brief update on the team and any recent new initiatives, answering any questions foundation governors may have. Updates and discussion on a range of subjects relevant to the foundation governor e.g. SIAMs, governor monitoring, environment, recruiting governors, building diverse boards etc.

Church School Governance for Members and Trustees

An introduction to governance as a Trustee or a Member within a Multi Academy Trust. Suitable for those who have been newly appointed, or those looking for a refresher, and who would like to know more about their strategic responsibility for governance across their trust.

Forum for Members

A chance for the Diocesan Corporate Member (DCM) to really understand their role and the interface with the Diocesan Board of Education and the Education Department particularly with the changes contained within the new church articles.

Training / Event descriptions

Forum for Trustees

This forum, facilitated by the diocesan education team, is an opportunity for director/trustees of Multi-Academy Trusts to meet to discuss current issues facing them particularly with regard to church school distinctiveness and to network with others within the wider diocesan area.

Governor Monitoring Part 1: An Introduction to effective Governor Monitoring and how to use it in your school.

This session is aimed at governors and school leaders who want to understand more about what constitutes good quality governor monitoring. The session is designed to be interactive, with participants encouraged to consider the themes alongside their own practice. This session is designed to compliment Governor Monitoring 2 SIAMS, Collective Worship and RE so if you are inexperienced at governance, we would recommend doing this one first.

Governor Monitoring Part 2: How to Governor Monitor SIAMS, Collective Worship and RE

This session is aimed at governors, clergy and school leaders who want to understand more about effective governor monitoring for SIAMS, Collective Worship and RE.

The session is particularly useful for schools that have not yet developed their monitoring as a church school or have this as a SIAMS development area. However, it is also aimed at those new to governance, particularly foundation governors, or for clergy and school leaders starting out in monitoring their church school
